

ECO TYRE SHINE

- Water-based, zero VOC multi-surface detailer.
- Quick and easy to use; clean, polish and detail exterior and interior surfaces, leaves non-greasy finish.
- Ideal for dressing tyres, rubbers, plastic (external & internal trim), vinyl, leather etc.
- Detailed surfaces are protected and sealed, repels the build-up of traffic film, dust and moisture.
- Variable gloss shine to suit all tastes; spray onto surface and leave to air dry for high shine, to reduce gloss shine wipe surface over.

Directions:

Shake well before use.

1. Tyres - simply mist spray Eco Tyre Shine evenly onto the tyre wall in a sweeping motion, leave to air dry.
2. Plastic / Leather - simply mist spray onto surface or onto folded microfibre cloth, wipe and leave to dry.
3. Wipe area using a second clean, dry microfibre cloth to remove any product residues from the surface.

Do not spray directly onto a heavily soiled tyre wall, pre-clean first using Universal.

Avoid contact with driving controls, foot pedals, steering wheel and floor coverings.

Typical Specification :

- Composition : A water-based complex non-volatile silicone emulsion.
- Appearance : Free flowing liquid
- Colour : White
- Odour : Fruit
- S.G. : 1.00
- Shelf Life : Two years in unopened containers at ambient temperature.

Packaging : 750ML, 5L, 25L , 205L, 1000L

Ready-to-use: PL004
